

Dear Parents and Guardians of MICTED Students,

As we start the school year, I understand that there are many questions and concerns related to the COVID-19 Pandemic and start of school. Mountain Institute CTED is working with our member districts, Yavapai County Educational Service Agency, Yavapai College and Yavapai Community Health Services to ensure a safe return to a more traditional school setting. Mountain Institute CTED is committed to ensuring a learning environment that is as safe as possible under the current conditions and the COVID-19 Pandemic. Mountain Institute, even with safety measures in place cannot ensure or guarantee that a student will not become infected with COVID-19 when accessing classes or onsite services.

ONSITE SERVICES

Students from our seven school member districts and charter schools can schedule access to onsite services with their home school district.

Students attending central campus programs may access onsite services through Yavapai College at the following two locations.

- Prescott Campus – 1100 E Sheldon Street Prescott, AZ 86301
 - Building 19 2nd Floor - Computer Commons – (M-F 8 AM to 5 PM)
 - WebLIVE Capable (M-F 8 AM to 5 PM)
 - Building 19 Room 206 - 2nd Floor adjacent to the Computer Commons
- Chino Valley Center – 2275 Old Home Manor Drive, Chino Valley AZ 86323
 - Computer Lab available for online services during normal class hours

In the event there are any questions, please do not hesitate contacting our district office.

TECHNOLOGY SUPPORT

Parents and students, please contact our district office if you need a device for participation in your online content for any central campus program.

Access issues, please contact our district office if you need a Wi-Fi hotspot for accessing online content in any central campus program. Visit our website for additional information on Wi-Fi access from the Arizona Department of Education.
